

Narval on grid

Xavier Grave

AGATA Soft Orsay Team

24th Nov 2010

Technicals difficulties

Replay needs

Alternatives solutions

- ▶ Narval needs to :

- ▶ Narval needs to :
 - ▶ Launch processes using ssh with user keys

- ▶ Narval needs to :
 - ▶ Launch processes using ssh with user keys
 - ▶ Check actors subscription on a small scale of time (a few seconds)

- ▶ Narval needs to :
 - ▶ Launch processes using ssh with user keys
 - ▶ Check actors subscription on a small scale of time (a few seconds)
- ▶ Grid is working by batch

- ▶ Narval needs to :
 - ▶ Launch processes using ssh with user keys
 - ▶ Check actors subscription on a small scale of time (a few seconds)
- ▶ Grid is working by batch
 - ▶ Except for the MPI jobs

- ▶ Narval needs to :
 - ▶ Launch processes using ssh with user keys
 - ▶ Check actors subscription on a small scale of time (a few seconds)
- ▶ Grid is working by batch
 - ▶ Except for the MPI jobs
 - ▶ There is a need for an AGATA local node to setup Narval services

- ▶ Narval needs to :
 - ▶ Launch processes using ssh with user keys
 - ▶ Check actors subscription on a small scale of time (a few seconds)
- ▶ Grid is working by batch
 - ▶ Except for the MPI jobs
 - ▶ There is a need for an AGATA local node to setup Narval services

⇒ need to trick the actual Grid system in order to make it believe that Narval is an MPI job and modify part of Narval to adapt to Grid environment

- ▶ Algorithms enhancements

- ▶ Algorithms enhancements
 - ▶ PSA

- ▶ Algorithms enhancements
 - ▶ PSA
 - ▶ Tracking

- ▶ Algorithms enhancements
 - ▶ PSA
 - ▶ Tracking
- ▶ Full replay (Why ?)

- ▶ Use Joa's Narval simulator in batch mode for
 - ▶ Raw data read
 - ▶ Preprocessing
 - ▶ PSA

- ▶ Use Joa's Narval simulator in batch mode for
 - ▶ Raw data read
 - ▶ Preprocessing
 - ▶ PSA
- ▶ Add generic filter to store data after merging online
- ▶ Use Joa's Narval simulator in batch mode for
 - ▶ Tracking

- ▶ To test at the same time new PSA with tracking ?

- ▶ To test at the same time new PSA with tracking ?
- ▶ An alternative is to run in batch mode in three steps

- ▶ To test at the same time new PSA with tracking ?
- ▶ An alternative is to run in batch mode in three steps
 - ▶ Run up to PSA in batch and save data

- ▶ To test at the same time new PSA with tracking ?
- ▶ An alternative is to run in batch mode in three steps
 - ▶ Run up to PSA in batch and save data
 - ▶ Use a simple off line event builder that save data

- ▶ To test at the same time new PSA with tracking ?
- ▶ An alternative is to run in batch mode in three steps
 - ▶ Run up to PSA in batch and save data
 - ▶ Use a simple off line event builder that save data
 - ▶ Run Tracking in batch and save data

- ▶ To test at the same time new PSA with tracking ?
- ▶ An alternative is to run in batch mode in three steps
 - ▶ Run up to PSA in batch and save data
 - ▶ Use a simple off line event builder that save data
 - ▶ Run Tracking in batch and save data

⇒ No strong need for Narval on Grid
