

# 3rd Top Workshop @ Grenoble : from the TeVatron to ATLAS

## vendredi 24 octobre 2008

### Top cross-section measurements - amphitheatre (09:00 - 12:30)

time	[id] title	presenter
09:00	[41] Determination of the top pair cross-section in the lepton+jets channel @ Dzero	PLEIER, Marc-Andre
09:20	[9] Determination of the top pair cross-section in the dilepton channel @ Dzero	SHARYY, Slava
09:40	[8] Determination of top pair cross-section in the full hadronic channel @ CDF	COMPOSTELLA, Gabriele
10:00	[42] Top pair cross-section in the tau decay modes @ Dzero	CHAKRABORTY, Dhiman
10:20	break	
10:35	[13] Top pair cross-section with missing transverse energy @ CDF	CORTIANA, Giorgio
10:55	[10] Strategy for top pair cross-section measurements in ATLAS	TA, Duc Bao
11:25	[11] Single-top evidence : how do we got there @ CDF	STELZER, Bernd
11:55	[12] Single-top in ATLAS : strategies for an evidence with early data	M. DONINI, Julien
