

Journée Théorie CPTGA

mardi 12 mai 2015

Gravitation: Introduction to general relativity and its extensions / Aurélien Barrau - amphi (09:00 - 09:45)

Gravitation: Quantum mechanics in the Newtonian gravitational field / Guillaume Pignol - amphi (09:45 - 10:15)

Gravitation: Dark matter or modified gravity ? / Pierre Salati (10:45 - 11:15)

Gravitation: Quantum fields in curved spacetime / Michal Wrochna - amphi (11:15 - 11:45)

Gravitation: Signature-change quantum cosmology / Jakub Mielczarek - amphi (11:45 - 12:15)
