

9th France-China Particle Physics Laboratory Workshop

jeudi 31 mars 2016

Alice session - Amphithéâtre Grünewald (09:45 - 12:50)

-Présidents de session: Nicole Bastid; Daicui Zhou

time	[id] title	presenter
09:45	[10] ALICE Highlights	HIPPOLYTE, boris
10:15	Coffee break	
10:35	[11] Jets and Flow in Heavy-Ion Collisions	QIN, Guanyou
11:05	[12] ALICE upgrade program	MARTINEZ, Gines
11:30	[13] ALICE Project within FCPPL	ZHOU, Daicui
11:50	[14] Production of Muons from Heavy-Flavour Hardron Decays in Pb-Pb Collisions at the LHC	ZHANG, Zuman
12:10	[15] Recent Highlights on Jet Physics in Heavy-Ion Collisions with ALICE and New Developments	ZHANG, Xiaoming
12:30	[16] Jet Properties from Triggered Particle Correlations	Mille MAO, Yaxian
