IRODS workshop, CC-IN2P3  
Feb 15<sup>th</sup> 2009

# Data management

# Main features

- **Virtual File System**

- Storage-system-independent
- Java API, command-line tool

- **Drivers**

- SRB, gridFTP, LFC, sftp, local, (iRODS to be developed)

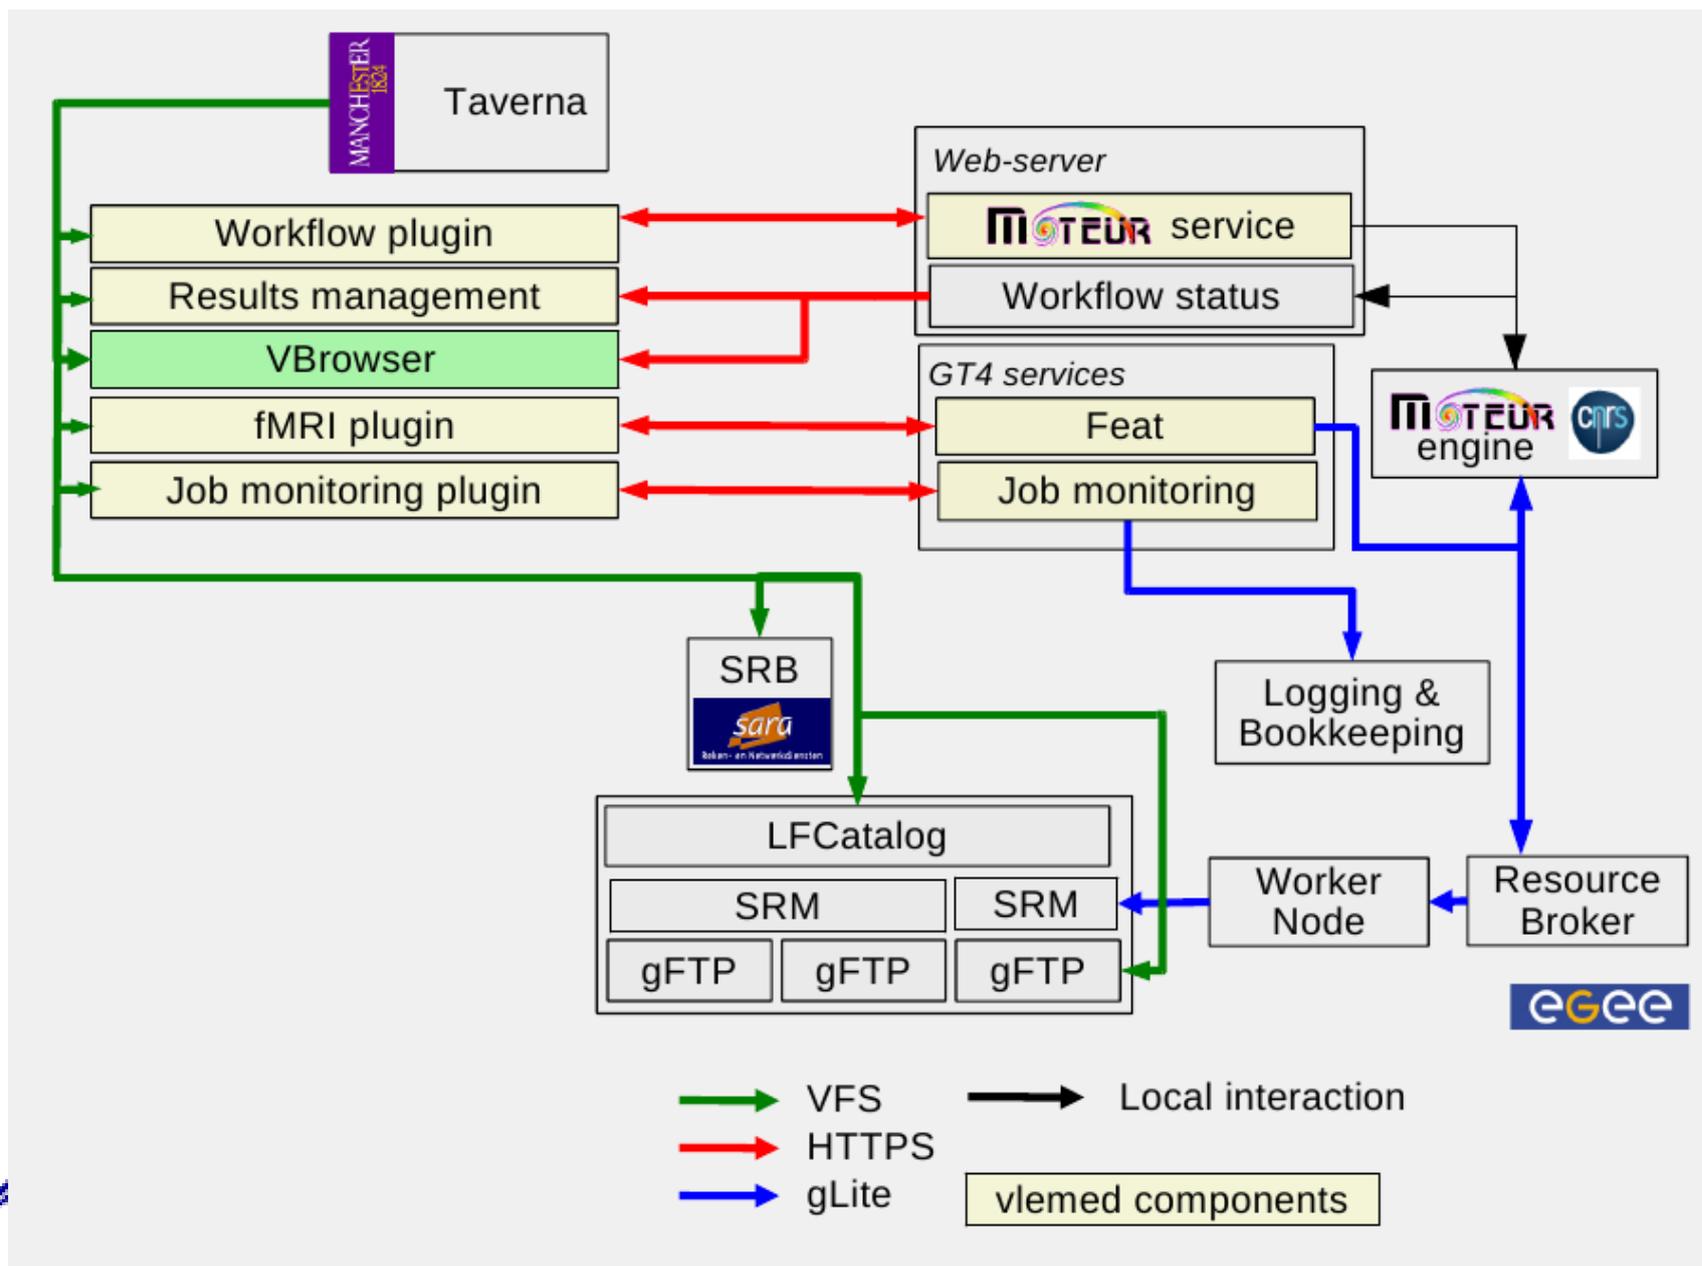

- **Viewers**

- Images, pdf, text, local app, html, etc.

- **gLite plug-ins**

- Job monitoring, submission for fMRI
- Workflow submission / results management
