# USE OF WEB INTERACTIVE MULTIPURPOSE SERVER "WIMS" IN MEDICINAL CHEMISTRY EDUCATION

*lundi 27 juin 2016 10:20 (30 minutes)*

Internet is used more and more in education and research. Apart from the Internet smartphones and tablets have emerged which are also being used more and more frequently in education. The objective of this work is to propose an interactive platform to study with fun, medicinal chemistry courses.

**Auteur principal:** Dr HAMZE, Abdallah (Université Paris Sud, Faculté de Pharmacie)

**Co-auteur:** Mme PERRIN-RIOU, Bernadette (Université Paris-Sud)

**Orateur:** Mme PERRIN-RIOU, Bernadette (Université Paris-Sud)

**Classification de Session:** Posters et présentations

**Classification de thématique:** Retour d'expérience
