# OBSERVATORY SCIENCE: STATUS OF WP CHAPTERS

---

---

# SUB-CHAPTERS

---

- **AGN** : 1 page-1 figures. Complete
  - **Other extragalactic**: 0.75 page. Complete on ULX, and TDEs. 1 sentence on extragalactic binaries (L/SMC)
  - **Galactic**: 1.75 pages. 1 figure. Probably needs some tidying. Figure panels to be cleaned/updated
  - **Miscellaneous (now known as) Additional science opportunity**: 1.1 pages. Complete
  - **Planetary systems and planets**: Nothing received. Need to be evaluated (?)

# SUMMARY

---

- Not far from 5 pages.
- Total of ~6.5 including figures and biblio
- No header : needed?
- Maybe a table with a rough expected number of sources (separating AGN, ULX, and XRBs)

=> a couple iterations with authors, and other interested persons
