

Cinquième réunion du GDR Architecture et Dynamique Nucléaire (ADN)

jeudi 31 mars 2016

Mammifères (14:00 - 16:00)

time	[id] title	presenter
14:00	[1] Replication landscape of the human genome	Dr HYRIEN, Olivier
14:30	[5] Dynamic spatial genome conformation modeled from lamin-associated domains and chromosome-chromosome interactions	Prof. COLLAS, Philippe
15:00	[0] 3D nuclear positioning of IGF2 alleles and trans interactions with imprinted genes	Mme LAHBIB-MANSAIS, Yvette
15:30	[19] Spatiotemporal organization and expression of the genome — a live-cell single-RNA imaging approach	Dr COULON, Antoine
