

The Physics of Living Matter -European Summer School

jeudi 7 juillet 2016

At the university of the Saarland: Morning 1 (09:00 - 13:00)

time	[id] title	presenter
09:00	[7] Cell Motility	Prof. LAUTENSCHLÄGER, Franziska
09:45	[39] Active and passive transport properties of a cell membrane model system	Dr FLEURY, Jean Baptiste
10:30	[37] Biophysics of Killing - Theory and Experiment	Prof. RIEGER, Heiko
11:15	Coffee break	
11:30	[40] 11h30 .12h15 Motor-driven intracellular transport	Prof. SANTEN, Ludger
12:15	[38] "Adhesion & adsorption in biological systems: relevant forces and suitable techniques to understand biofilm buildup"	Prof. JACOBS, Karin
