

# LIA in Eastern India (node: SINP)

Gautam Bhattacharyya (SINP, Kolkata / TH, coordinator)

Satyaki Bhattacharya (SINP, Kolkata / CMS)

Dilip K Ghosh (IACS / TH)

Ritesh Singh (IISER-Kolkata / TH)

Prolay Mal (NISER / CMS)

Bedangadas Mohanty (NISER / ALICE)

# Gautam Bhattacharyya

- Cargese Summer School twice during PhD in early 90s.
- Discussions at Cargese with other students, especially Asmaa Abada (later faculty at Orsay), with whom long term collaborations led to several papers over two decades.
- CNRS visiting scientist fellowship for 3 months (2002, 2008) at Orsay. Also, visited Saclay and Ecole Polytechnique more than once. Also, Moriond meeting.
- Co-Pi in Indo-French project 2003-06 (Sudhir Vempati, IISc, was a postdoc in that project; K. Sridhar (PI), Emilian Dudas, ...).
- Taught at Vietnam School organized by the French physicists (Patrick Aurenche).

**SINP neutron generator group had a collaboration with Orsay in early 60s. Some of SINP detector people are still collaborating with the French with cefipra projects.**

# **Dilip K Ghosh**

Les Housches meeting: Collaboration leading to a paper (involving French physicists, S. Shotkin, A. Falkowski and O. Bondu).

Student Ipsita Saha recently visited Annecy, collaboration is going on.

# **Ritesh Singh**

Postdoc at Annecy and Orsay and worked with F. Boudjema and others. Attended Les Housches.

# Experiments: CMS and ALICE

## Satyaki Bhattacharyya (CMS)

Collaboration with M. Besancon (CEA-Saclay) and with S. Shotkin (Lyon).

## Prolay Mal (CMS)

Research scientist at CEA-Saclay with C. Guyot (ATLAS). Also worked with Saclay physicists in D0, ATLAS and CMS.

## Bedangadas Mohanty (ALICE)

WA98 expt: collaborated with H. Gutbrod group, collaborated with B. Hippolyte. Also with J. Serreau (and wrote Phys Rept).
