

LIO international conference on Composite Models, Electroweak Physics and the LHC

mardi 6 septembre 2016

Review of Experimental Results - Amphi Dirac (14:00 - 16:00)

time	[id] title	presenter
14:00	[54] Recent ATLAS results in the search for composite dynamics and Dark Matter	Prof. JACKSON, Paul
15:00	[55] Recent CMS Results on Composite Models and Dark Matter	Dr OSHERSON, Marc Antoine

Review of Experimental Results - Amphi Dirac (16:30 - 18:00)

time	[id] title	presenter
16:30	[56] Using Integral and Differential Charge Asymmetries for BSM Searches at the LHC	Prof. MUANZA, Steve
17:15	[57] Review of New Phenomena Searches in the Top Quark Sector with the ATLAS detector	Dr MADAR, Romain
