

27th International Conference on Nuclear Tracks and Radiation Measurements (ICNTRM 2017)

ID de Contribution: 46

Type: Non spécifié

Spatial distribution of natural uranium fission and activation of 238U in a subcritical nuclear assembly under 1 GeV deuteron irradiation

mercredi 30 août 2017 10:20 (20 minutes)

Orateur: HASHEMI-NEZHAD, R. (Australia)

Classification de Session: Session 9
