

# 27th International Conference on Nuclear Tracks and Radiation Measurements (ICNTRM 2017)

## vendredi 1 septembre 2017

### Session 16: Environment and detectors (11:00 - 12:40)

time	[id] title	presenter
11:00	[78] Invited talk 10: Some aspects on radioecology after TEPCO-Fukushima Daiichi Nuclear Accident in 2011	YASUDA, N.
11:40	[79] Fast diamond detectors for beam tagging applications in hadrontherapy	MARCATILI, S.
12:00	[80] Permeation and faults location in geothermal studies through radon distribution	BALCAZAR, M.
12:20	[81] Passive etched track detectors application in outdoor radon monitoring in the UK	WASIKIEWICZ, J.
