

# 27th International Conference on Nuclear Tracks and Radiation Measurements (ICNTRM 2017)

## lundi 28 août 2017

### Parallel Session 4.2: Environment - Amphi 2 (16:10 - 17:10)

time	[id] title	presenter
16:10	[13] Estimation of dose due to exposure of petroleum industry workers to Naturally Occurring Radioactive Materials (NORM)	AIT KACI, N.
16:30	[14] Yanshan period of tectonic-mineralizing ages from fission track dating in Hariza-Halongxiuma Cu-Mo ore district, Eastern Kunlun Mountains	YUAN, W.
16:50	[15] Study of Radon dispersion in typical dwelling using CFD modeling and resulting radiation doses measured in the respiratory tract	RABI, R.
