

27th International Conference on Nuclear Tracks and Radiation Measurements (ICNTRM 2017)

mardi 29 août 2017

Session 7: Nanotechnologies and material modification (14:00 - 15:40)

time	[id] title	presenter
14:00	[30] Invited talk 4: Nuclear Tracks in Futuristic Technologies: Some Innovative Novel Applications	CHAKARVARTI, S.K.
14:40	[31] Invited talk 5: Asymmetric track etching : the long-overlooked role of osmotic flow	PAVEL, A.
15:20	[32] A thorough examination of swift ion latent track formation and etching in PADC	FROMM, M.
