Beyond the Standard Model - Amphi Charpack (14:00 - 16:00)

time	[id] title	presenter
14:00	[20] Energy helps accuracy: electroweak precision tests at hadron colliders	Dr TORRE, Riccardo
14:25	[21] Radion Production in Association with a Z Boson at the LHC and the ILC	M. ANGELESCU, Andrei
14:45	[22] Heavy sterile neutrinos and the triple Higgs coupling	Dr WEILAND, Cedric
15:10	[23] Twin Higgs meets SUSY	Dr MARIOTTI, Alberto
15:35	[24] Non-perturbative analysis of the spectrum of meson resonances in an ultraviolet-complete composite-Higgs model	M. BIZOT, Nicolas M. BIZOT, Nicolas

Beyond the Standard Model: Pause - Amphi Charpack (16:00 - 16:30)

Beyond the Standard Model - Amphi Charpack (16:30 - 18:00)

time	[id] title	presenter
16:30	[25] Let's Interfere with New Physics	Dr QUEVILLON, Jérémie
16:55	[26] R-axion: : new signs of SUSY at the LHC	SALA, Filippo
17:20	[27] Search for baryonic number violation with the R-parity violating supersymmetry	BERLENDIS, Simon
17:40	[28] pMSSM in light of dark matter detection experiments	M. ROBBINS, glenn

vendredi 25 novembre 2016

Beyond the Standard Model: Beyond the Standard Model - Amphi Charpack (09:00 - 09:20)

time	[id]	title	presenter
09:00	[9]	The global Higgs as a signal for compositeness at the LHC	M. FICHET, sylvain
