LSST school & workshop: Getting ready to do science with LSST data

Pierre-Etienne MACCHI

Welcome to CC-IN2P3

Logistics

- Tuesday to Thursday
all the presentations will be held in this room
- Coffee and tea breaks, morning and afternoon
room 202, upstairs, adjacent to the front desk
- Small meeting room reserved
*in case you need to attend a remote meeting, or meet with a few number of people
if you need it, let me know and I will provide further details*
- Lunch
*today at restaurant DOMUS located in another building 80 meters from here (same as yesterday)
we will go there grouped
no alcoholic drinks for lunch*

Logistics (cont.)

- We are broadcasting live and recording the event
please mind the cameras at the rear and front of the room
if you don't want to appear in the videos, please look for the “no image capture” zone
audience: please wait for the microphone before asking your question so that remote people can hear you

Logistics (cont.)

- Speakers

please upload your slides to the agenda before your session starts

allow enough time for questions

the session convener will notify you when the end of your time slot is approaching

- Audience

this is meant to be an interactive workshop: interaction with the speakers (and fellow participants) is encouraged, both in the meeting room and elsewhere

Logistics (cont.)

- Hackathon on Friday

please share your ideas of hacks with other participants via this document:

<http://cern.ch/go/H7J6>

Logistics (cont.)

- Guided group visit to the machine room
after the end of today's presentation (see agenda)
people in today's group, please meet at the front desk 5 minutes before visit starts
- Toilettes just outside of this room and near the front desk
- Social media
if you would like to tweet, please use hashtag #LSSTLYON2017
