

CNRS / MASTODONS

2nd Interdisciplinary Workshop on Time Series Analysis

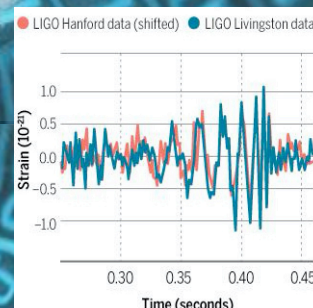

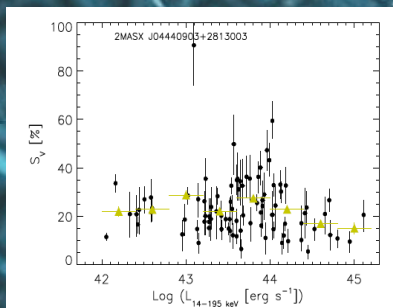

December 2016, 12 - 13

Université Paris Descartes

Registration is free but mandatory:

<https://indico.in2p3.fr/event/13934/>

TOPICS:

- Time series analysis in computing science, physics, astrophysics, biology, and engineering
- Advances in algorithmic development and computer technology
- Interdisciplinary approaches to common challenges
- Hands-on sessions on human-computer interaction and on gravitational wave analysis
