

Current Trends in Flavor Physics

jeudi 30 mars 2017

Kaon and Charm physics - Amphi Hermite (14:30 - 16:15)

time	[id] title	presenter
14:30	[18] Recent results and perspectives of BESIII	Dr MA, Hailong
15:00	[19] Direct CP-asymmetry in charm decays: a QCD-based estimate	KHODJAMIRIAN, Alexander
15:20	[21] Novelties in kaon physics: lattice QCD perspective	Dr JUTTNER, Andreas
