

Current Trends in Flavor Physics

vendredi 31 mars 2017

Towards Higgs flavor physics - Amphi Hermite (09:00 - 10:45)

time	[id] title	presenter
09:00	[24] Structure of Yukawa couplings and prospects for Higgs flavor physics era	Dr NARDECCHIA, Marco
09:30	[25] On extraction of the Yukawa couplings directly from the decays of Higgs boson(s)	Dr CATA, Oscar
10:00	[26] Probing the nature of the hcc, hbb couplings and signals of new physics via h --> V gamma/Z decays	Dr PATRA, Monalisa
10:20	[27] Effective Theories of Flavor and the Non-Universal MSSM	PEERZ, Michael
