

Session Program

18-20 mai 2009

Workshop on Gravitational Waves and High Energy Neutrinos

Detector status

AstroParticule et Cosmologie (APC)
Paris, FRANCE

lun. 18 mai

09:00

Detector status	
Session Site: AstroParticule et Cosmologie (APC), Paris, FRANCE	
09:00 – 09:30	Status of ANTARES (P. Coyle, CPPM Marseille)
09:30 – 10:00	Search for Transient Sources with IceCube Orateur Mlle Anna Franckowiak
10:00 – 10:15	break
10:15 – 10:45	Status of Virgo and LIGO (Frédérique Marion, LAPP Annecy)
10:45 – 11:15	Future gravitational wave and neutrino detectors Orateur Prof. Johannes van den Brand
11:15 – 11:45	Ultra high energy neutrinos at the Pierre Auger observatory Orateur M. Kevin Payet
11:45 – 12:30	Discussion

12:30
