

Workshop on Gravitational Waves and High Energy Neutrinos

lundi 18 mai 2009

Detector status (09:00 - 12:30)

time	[id] title	presenter
09:00	[22] Status of ANTARES (P. Coyle, CPPM Marseille)	
09:30	[39] Search for Transient Sources with IceCube	Mlle FRANCKOWIAK, Anna
10:00	break	
10:15	[21] Status of Virgo and LIGO (Frédérique Marion, LAPP Annecy)	
10:45	[51] Future gravitational wave and neutrino detectors	Prof. VAN DEN BRAND, Johannes
11:15	[50] Ultra high energy neutrinos at the Pierre Auger observatory	M. PAYET, Kevin
11:45	[1] Discussion
