

# Workshop on Gravitational Waves and High Energy Neutrinos

## mercredi 20 mai 2009

### Overview of data analysis (09:00 - 12:30)

| time  | [id] title  | presenter          |
|-------|---|--------------------|
| 09:00 | [14] ANTARES: recent results (J. Hernandez-Rey, IFIC & Valencia U., Spain)      |                    |
| 09:30 | [46] Data Analysis in IceCube and Implications for GW Coincidence Searches      | Dr FINLEY, Chad    |
| 10:00 | [55] Review of GW data analysis   | Dr SUTTON, Patrick |
| 10:30 | break   |                    |
| 10:45 | [32] Searching for Intermediate-Duration Gravitational-Wave Transients          | Dr THRANE, Eric    |
| 11:15 | [35] Joint Search between Gravitational-wave and High-Energy Neutrino Detectors | M. BARTOS, Imre    |
| 11:45 | [8] Discussion  |                    |
