

"Nucleon and Resonance Structure with Hard Exclusive Processes"

mardi 30 mai 2017

Session 5 - Auditorium Joliot Curie (09:00 - 10:30)

-Présidents de session: Nicole D'Hose

time	[id] title	presenter
09:00	[14] Supersymmetric Properties of Hadron Physics and Predictions for Hard Exclusive Processes from Light-Front Holography and Superconformal Algebra	Prof. BRODSKY, Stanley J.
09:30	[15] EIC Physics	DESHPANDE, Abhay
10:00	[16] Transverse spin-orbit correlations	Dr LORCÉ, Cédric
