

# The 14th International Workshop Dark Side Of the Universe

## vendredi 29 juin 2018

### Parallel I: Particle Cosmology - Petit Amphi (14:30 - 16:10)

time	[id] title	presenter
14:30	[55] Asymptotic Scale Invariance, Electroweak Vacuum Stability and Higgs Inflation	Dr SHIMADA, Kengo
14:50	[112] Are dark matter interactions ruled out?	HOOPER, Deanna
15:10	[119] CMB constraints on light primordial black holes	HAMANN, Jan
15:30	[118] Updated observational constraints on quintessence Dark Energy models	DURRIVE, Jean-Baptiste
