

# IDM2010

## jeudi 29 juillet 2010

### Parallel Session : Structure Formation & N-body simulations 2 - Amphithéâtre Dumontet (10:45 - 12:05)

time	[id] title	presenter
10:45	[45] Milky Way Satellites and Lambda Cold Dark Matter	Dr STRIGARI, Louis
11:05	[72] Superdense dark matter clumps	Prof. DOKUCHAEV, Vyacheslav
11:25	[152] The Impact of Dark Matter Microhalos on Signatures for Direct and Indirect Detection	M. SCHNEIDER, Aurel
11:45	[192] The distribution of dark matter around galaxies : Mean surface density profile and outer structure	M. MASAKI, Shogo
