

Workshop on Active Targets and Time Projection Chambers for High-intensity and Heavy-ion beams in Nuclear Physics

Second GDS Topical Meeting

17 -19 January 2018. Santiago de Compostela, Spain

- Physics with Gas Detection Systems (GDS)
- Active Target and TPCs: ongoing and forthcoming projects
- Experiments with high-intensity and heavy-ion beams
- Gas properties for high-intensity and heavy-ion beams
- Ancillary detectors for high-intensity and heavy-ion beams
- Simulations and electronics for GDS
