

IRN Terascale@Strasbourg

jeudi 31 mai 2018

BSM - Building 25 - Amphitheatre Grunewald (14:00 - 16:00)

| time | [id] title | presenter |
|-------|---|-------------------|
| 14:00 | [9] Fermionic coupling measurements at the ILC and their implication for composite models | RICHARD, Francois |
| 14:30 | [10] Constraining neutrino mass models at lepton colliders using WWH production | BAGLIO, Julien |
| 15:00 | [11] Electroweakinos at the LHC: Testing the Higgsino-Singlino Sector of the NMSSM | ELLWANGER, Ulrich |
| 15:30 | [25] Vector-like quarks and leptons, and dark matter | DEANDREA, Aldo |

vendredi 1 juin 2018

BSM - Building 25 - Amphitheatre Grunewald (09:00 - 10:00)

| time | [id] title | presenter |
|-------|--|-------------------|
| 09:00 | [13] Toward a reconstruction of the lightest squark flavor structure | BERNIGAUD, Jordan |
| 09:30 | [14] A new theorem for lepton number conservation in seesaw models | WEILAND, Cedric |
