

Si-W ECAL Test Beam 2017 analysis meeting

A. Irles, LAL

1st March 2018, TestBeam Analysis Meeting

- Some documentation here: <https://owncloud.lal.in2p3.fr/index.php/s/cNbbHYinY3H0z8w>
- To be completed !!!
- Missing items:
 - GDCC/DIF manuals → so far their operation and understanding of the LEDs has been done by trial and error.
 - SMB4 manual ??
 - ASU detailed description ?? Return lines to be soldered ??
 - Reference voltages (some are missing) (Y. Miura?)
 - Expected signals (shape, frequency etc...) of clock, slow control etc. (Y. Miura?)
 - Networking (A.I ?)
 - Commissioning (A.I.)
