

- Draft des slides de Safia (DOM session 14h lundi 05/02)
- Meeting : réunion entre intégrateurs en dehors du créneau DOM - jour indéterminé
- *Mail J. Wurtz - voulait emprunter White Rabbit Switch, mais dans 1-2 mois, quand switch installé/utilisé*
  
- SFP (Small Form-Factor Pluggable)
- **Workshop avec Nantes + Rabat**
  - Invitation pour étudiant marocain à rédiger
  - day1->day3 lundi- mercredi
  - fermeture DOM le vendredi
  - travail préparatoire (avant day1) : combien de jours ?
    - ◆ Pre-preliminary: installation of all required software (if you need help, we could have a dedicated Vidyo session with other DOM Integration guys)
    - ◆ Preliminary work (to be done by your group only, preferably with Nantes and Rabat guys): painting of PMT support structures, glueing of PMT support structures, glueing of the Cooling Mushroom and of piezo, installation of electronics, installation of PMTs and nanobeacon on the PMT support structures
    - ◆ Day1: installation of the penetrator, leak test, optical splicing, functional test, glueing of TOP hemisphere on cooling mushroom
    - ◆ Day2: gel pouring on bottom hemishpere, discussion on software, tools, instrumentation, storage, planning
    - ◆ Day3: gel pouring on TOP hemisphere, preparatory discussion about DOM closure and acceptance test.
    - ◆ **Vacances 26 février -> 2 mars**
    - ◆ **Workshop à Strasbourg pas avant mois de mars-avril ?**
