

International Symposium on Neutrino Frontiers

mardi 17 juillet 2018

Young physicists talks (15:15 - 17:00)

time	[id] title	presenter
15:15	[29] Final results from the OPERA experiment in the CNGS neutrino beam	SATO, osamu
15:40	[30] YP talk: Simulation and commissioning of the full setup of the WAGASCI experiment at J-PARC	YASUTOME, Kenji
16:00	[31] YP talk: Neutrino event generators	NGUYEN, Van
16:20	[32] YP talk: CP-violation in lepton sector with a combined analysis of T2K-II and NOvA experiments	TRAN, Ngoc
16:40	[33] YP talk: Optical System of Beam Induced Fluorescence Monitor toward MW beam power at the J-PARC Neutrino Beamline	CAO, Son
