

International Symposium on Neutrino Frontiers

mercredi 18 juillet 2018

Joint session: (1) (08:30 - 10:10)

| time | [id] title | presenter |
|-------|--|-----------------------|
| 08:30 | [36] The ν MSM, Dark Matter and Neutrino Masses | Prof. ASAKA, Takehiko |
| 09:10 | [34] Overview and future of Lorentz and CPT invariance searches in the neutrino sector | Dr QUILAIN, Benjamin |
| 09:40 | [42] Hyper-Kamiokande experiment | SUZUKI, Atsumu |

Joint session: (2) (10:35 - 11:55)

| time | [id] title | presenter |
|-------|--|---------------|
| 10:35 | [37] Leptogenesis | Dr NAGAI, Ryo |
| 11:05 | [47] Panda-X: Dark matter and neutrino-less double beta decay | Dr HAN, Ke |
| 11:35 | [55] Impact of new physics in the context of long baseline experiments | MEHTA, Poonam |
