

Wrap-up

Everyone

- Organization
  - Alliance, keep as is? Need more structure? Other logo?
  - Communication channels? Sufficient?
- Next meeting: Where (Lisbon)? When (April/May)?
- White paper: Astroph - or Journal, (opt-in? )
- Joined simulations. **Workshop**, phone calls?, sharing resources, define interfaces..

- Costs:
  - How to move from detectors on paper / proto-type to a real unit?
  - When do we want to get engineering costs...
  - Should we set a target cost for per m<sup>2</sup>? ... or at least get estimates for next meeting...
