

Colloque de l'IPhT 2018

Yi ZHANG

Wuhan, China

15-17 October 2018

In China

- ▶ 2008-2011, Medicine at Tongji Medical College affiliated to Huazhong University of Science and Technology, Wuhan, China.
- ▶ "Tongji" transliterated from Deutsch
- ▶ Dropped before moving to the clinical study phase.

In Europe

- ▶ Undergraduate in physics and mathematics at Heidelberg University, Germany. (Under Timo Weigand and Markus Banagl)
- ▶ M1 and M2 at Ecole Normale Supérieure de Paris.
- ▶ M1 internship with Guillaume Bossard at CPhT, Ecole polytechnique and M2 internship with Ruben Minasian at IPhT.
- ▶ Currently, second year PhD student with Ruben Minasian on Strongly coupled gravity, dualities and generalized complex geometry.
- ▶ Also interested in topological string, supersymmetric localization and other formal approaches to QFT/String theory.
