

# My name is Paul Caucal

## Important message

I am a PhD student working with Edmond Iancu and Gregory Soyez since September 2017.

## My life at IPhT

- ▶ I usually arrive between 9am and 10am in my office (number 150).
- ▶ I like eating with the QCD group in the restaurant “Les Algorithmes” .

## Subject

I study the quark-gluon plasma (QGP) produced in heavy ion collisions at LHC. More precisely, I try to understand how a jet propagates in the QGP.
