

Conformal Invariance and Harmonic Analysis

5 and 7 December 2018

Institut de Physique Théorique de Saclay

Gif sur Yvette

Salle Claude Bloch,

Bât. 774, CEA-Saclay

<https://indico.in2p3.fr/event/17934/overview>

SPEAKERS:

**V. K. Dobrev, G. Korchemsky, P. Kravchuk,
G. Mack, V. B. Petkova*, S. Rychkov,
V. Schomerus, I. T. Todorov, J.-B. Zuber**

*to be confirmed

Organising Committee:

Ivan Kostov
Didina Serban
Slava Rychkov

Pioneering work in the field of conformal invariance and harmonic analysis on the conformal group was done more than 40 years ago. The field underwent a renewal with the advent of the conformal bootstrap program. The conference will bring together different generations of mathematical physicists to share their vision and their insights.
