

## DELAHAYE, Jean-Pierre

Born 2 September 1946, Arthes (France)

French nationality

+ 41 75 411 44 21

[Jean-Pierre.Delahaye@cern.ch](mailto:Jean-Pierre.Delahaye@cern.ch)

After a PhD at the CENG in Grenoble (France) in 1971 and technical-cooperation for two years at the CBPF in Rio de Janeiro (Brazil), J.P.Delahaye started his professional career in 1974 at CERN (Switzerland) where he worked up to retirement end 2011. During these years, he has been in charge of various technical and management responsibilities up to Leader of the LEP Pre-Injector, Deputy Leader of the Department in charge of all CERN accelerators and Project Leader of Accelerator R&D for the future. After retirement, he moved to SLAC (USA) to develop Novel Acceleration Methods based on Laser, Plasma or Muons.
