

Third AGATA-GRETINA/GRETA tracking arrays collaboration meeting

jeudi 3 octobre 2019

Simulations and performance of tracking arrays - R150 (14:00 - 15:30)

-Présidents de session: Jhon Simpson

| time | [id] title | presenter |
|-------|---|------------------------------------|
| 14:00 | [29] On the self-calibration capabilities of gamma-ray energy tracking arrays | PASCHALIS, Stefanos |
| 14:20 | [12] Angular correlations, distributions and linear polarization | |
| | - [1] Angular correlations and angular distributions, linear polarization | LAURITSEN, Torben KORICHI, Amel |
| | - [2] Efforts on angular distributions and correlations with AGATA | LEBLOND, Silvain |
| | - [3] Polarization Measurements with GRETINA | MORSE, Chris |
