Dimitris Varouchas (LAL Orsay)
Alexandre Zabi (LLR Palaiseau)

7th Top LHC France

- ◆ **Gathering the HEP, EXP+TH communities** working on top physics in France
 - Precision measurements and rare processes
 - Top-Higgs
 - Search for new physics
 - ◆ 2 new labs join us ! Welcome **LAL & LLR** !
 - ◆ **Exchange ATLAS ↔ CMS and EXP ↔ TH**
Presentation of new ideas and preparation for collaborations are particularly welcome.
 - ◆ **Presentations/discussions will be informal**
 - Accent on the work done in French labs
 - Large time devoted to discussions, let us use the talks as introduction to discuss interesting topics
 - **Participation of students** in the discussion is particularly welcome
-

The agenda (including last minutes updates!)

Free evening.
List of restaurants will be provided

Buffet

For the next sessions...

- ◆ This meeting is for you,
your feedbacks are needed to make the next one closer to the one you wish !
- ◆ You will receive a notification, with a link to the **questionnaire**
That is not a spam !
- ◆ 5'-long, anonymous
- ◆ Please fill it !

◆ Huge thanks to LPSC for hosting the workshop !

thank you

◆ Huge thanks to
UGA, LPSC, LPSC's theo. and Atlas groups for the founding !

◆ Huge thanks for the local organization team: Christoher, Johana and Sabine !!
