

Welcome in Toulouse!

- The workshop will last 3.5 days, including a travel to Pic du Midi observatory on Thursday, *depending on the weather* (the wind is more problematic than the rain).
- Many thanks to:
 - The MuFraMex for hosting the workshop.
 - **Sandrine Bittendiebel** for hotel reservations, meals & breaks and programs.
 - **Dolorès Granat** for the workshop dinner and the trip to Pic du Midi.
- Two side events in the center of Toulouse:
 - A conference by William, Tuesday at 8PM (Salle du Sénéchal).
 - The workshop dinner, Wednesday at 8PM (« Chez Fifi »), with other members of the SVOM project in Toulouse.

- A lot of informations and the agenda are available on the workshop web page:
<https://indico.in2p3.fr/event/18260/overview>
- Please upload your contributions to the site.
- In case of problem, please call me (any time): +33 622781074
- Enjoy!
