

2020 Electron-Ion Collider User Group (EICUG) meeting in Kansas proposal

Michael Murray, John Ralston, Christophe Royon,
Steve Sanders and Daniel Tapia Takaki

Lawrence, Kansas

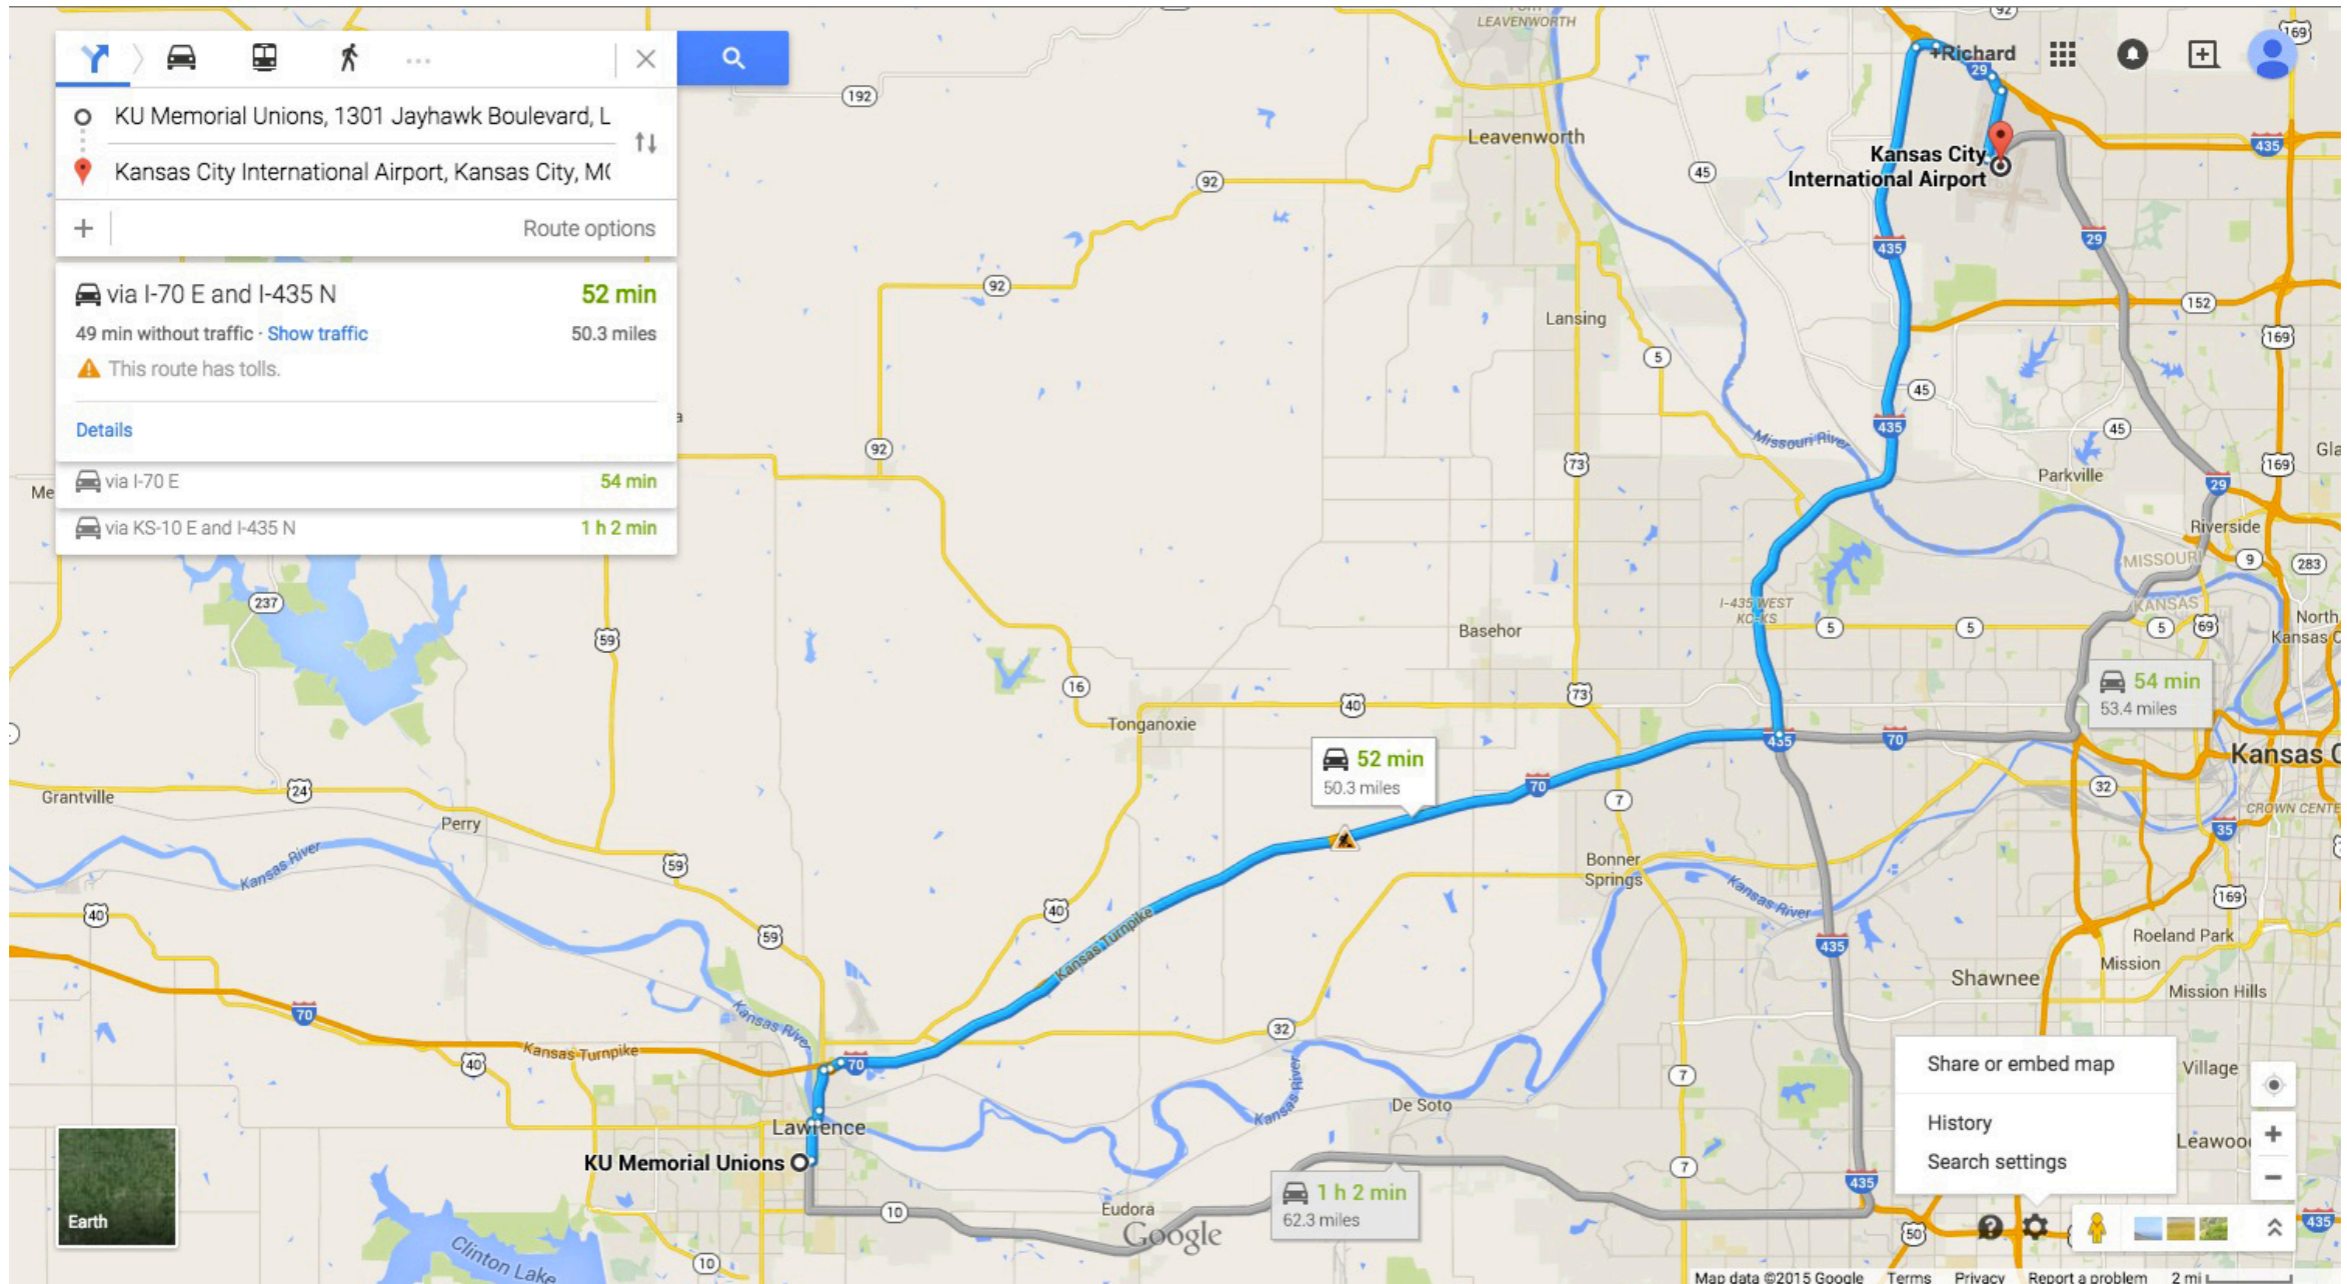

Downtown is walking distance to campus

And there is also a Public bus and we can give passes

Lawrence is an easy 50 min drive from the Kansas City airport

**Several Shuttle options available
From \$100 to \$180 options (both ways)**

KU Integrated Science

University accommodation 10 mins walk from the conference venue

Lots of accommodation options in downtown Lawrence

Eldridge Hotel : \$125 / night plus tax

SpringHill Suites: \$117 / night plus tax

TownPlace Suite: \$117 / night plus tax

Country Inn & Suites: \$89 / night plus tax

+ AirBnB and B&B options

No need to drive ...

University halls within 10 mins walk

**Hotel Downtown is 20-30 mins walk
Or 8 mins on the bus**

**But there is a parking garage right next
to the conference venue, if needed**

We can provide parking passes

Social events

Group dinner at Macelli's in downtown Lawrence

Welcome reception at the Spencer Museum of Art on campus

Budget for 200 participants

- University facilities (no charge)
- Lunches for 4 days
- Coffee breaks for 4.5 days
- Welcome Reception at Spencer Museum of Art
- Special group dinner at Maceli's Banquet
- **33,000 USD in total** —> **Without considering any support from KU**

2020 EICUC meeting in Kansas

- We have a strong preference for 2020
- The Department Chair and the Dean have already promised to provide funding. The Provost and the Research Vice-Chancellor will probably provide funding, if we get to host the event
- **Registration fee of \$120 (early) and \$150 (late) / participant**
- **Kansas is very flexible about the possible dates. Preference outside the semester:**

**between early May to late August, or
between early December and late January**
