

The 5th joint meeting eBOSS DESI France

ID de Contribution: 14

Type: Non spécifié

Saclay Mocks

mardi 7 mai 2019 11:10 (20 minutes)

I'll present the very recent results of the Saclay Mocks.

These mocks have now the right $b(z)$, $\beta(z)$, $P1D(z)$. They also include DLA, with the proper N_{HI} and z distribution.

I'll also present the 10 realisations we just released.

Auteur principal: ETourneau, Thomas (CEA Saclay)

Orateur: ETourneau, Thomas (CEA Saclay)
