Discussion: Plan for contribution and implementation

mercredi 3 juillet 2019 09:00 (1h 45m)

We would like to ask each partner to think about which of the listed services below you would like to contribute to. We would also like to discuss the implementation timeline.

This will be used as input for the second deliverable of WP5 D5.2 Detailed Project Plan.

List of identified services:

- Data finding
- Data staging and access
- AAI
- Ingestion of advanced data products
- Batch processing
- List of suggested software/workflows
- List of suggested compute resources
- Interactive processing
- Visualisation tools
- Machine Learning tools
- Research Object Catalogue

Classification de Session: WP5 parallel
