

10th International Conference on High Level Environmental Radiation Areas (ICHLERA 2022)

mardi 28 juin 2022

NORM & TENORM: NORM & TENORM (10:45 - 11:45)

-Présidents de session: Shinji TOKONAMI

time	[id] title	presenter
10:45	[87] Radon spatial and seasonal variations in University's buildings located in an Italian karst region	Dr LEONARDI, Federica
11:00	[36] Estimation of Radiation Dose due to Thoron and Progeny inhalation in high Background natural radiation area of Eastern Coastal Area of Odisha, India	PRASAD, Mukesh Prof. RAMOLA, Rakesh C.
11:15	[142] Good RAD7 performance for high radon levels	Prof. BALCAZAR, Miguel
11:30	[83] Radiation Dose Assessment and Mobiliy Studies of Thorium in Sediments from a High Level Natural Background Radiation Area in Sri Lanka	Dr RATNAYAKE, Sanduni
