

10th International Conference on High Level Environmental Radiation Areas (ICHLERA 2022)

mardi 28 juin 2022

A. Oklo, from Natural core breeding to the Oklo discovery: From Natural core breeding to the Oklo discovery (14:00 - 15:40)

-Présidents de session: Benoit GALL

time	[id] title	presenter
14:00	[149] The Oklo phenomenon, discovery, first questions, first answers	Dr GAUTHIER-LAFAYE6, François
14:20	[153] From routine sample measurements in CEA to the Oklo phenomenon	Dr DOZOL, Jean-François
14:40	[154] Historical interpretations of isotope measurements and applications	Dr NIMAL, Jean-Claude
15:00	[156] Oklo natural analogue of radioactive waste disposal, summary of European Commission projects' results (1991-1999)	Dr LOUVAT, Didier
15:20	[145] Influence of Initial poisons and clays on the criticality of Oklo natural nuclear reactors	Dr BENTRIDI, Salah-eddine Dr NUTTIN, Alexis
