

10th International Conference on High Level Environmental Radiation Areas (ICHLERA 2022)

mardi 28 juin 2022

From Oklo samples to natural core simulations: From Oklo samples to natural core simulations (16:10 - 18:10)

-Présidents de session: F. GAUTHIER-LAFAYE

time	[id] title	presenter
16:10	[147] The Gabonionta: Great Oxidation Event, reactors and Life...	Prof. EL ALBANI, Abderrazzak
16:30	[144] Natural Nuclear Reactors: prediction, search, discovery, operation and implications	Prof. MESHNIK, Alex
16:50	[148] Evidence of fast neutron operating in Oklo	Prof. HIDAHA, Hiroshi
17:10	[155] The Oklo natural fission reactors and dynamical models of dark energy	Prof. DAVIS, David Davis1
17:30	[97] Parallel between natural Oklo cores and industrial reactors operating
