

Introduction

Ken Ganga

`ganga@in2p3.fr`

<https://indico.in2p3.fr/event/19414>

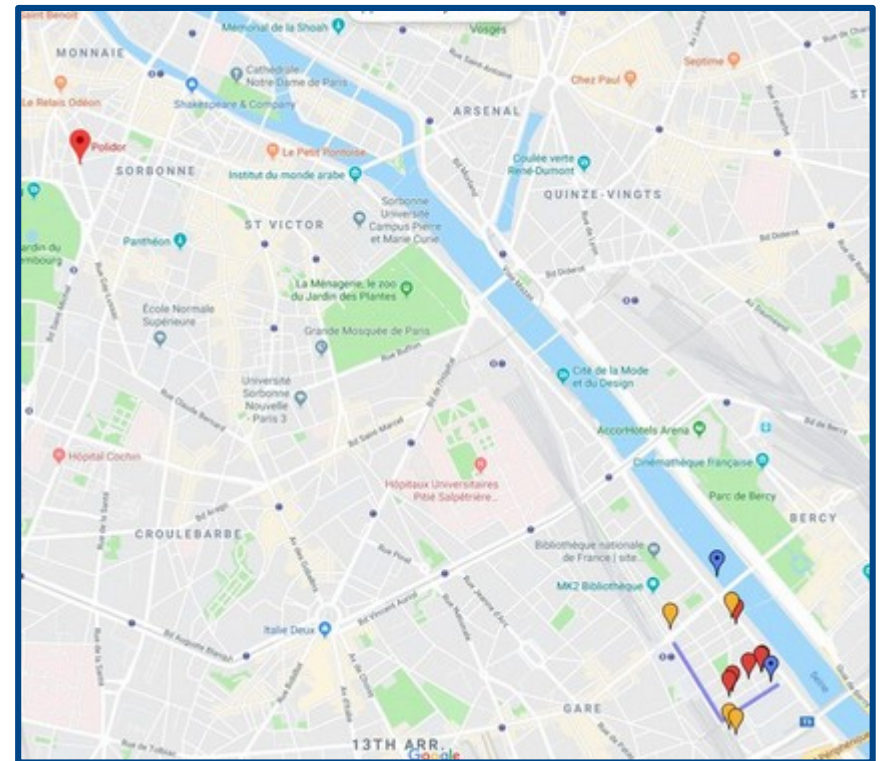

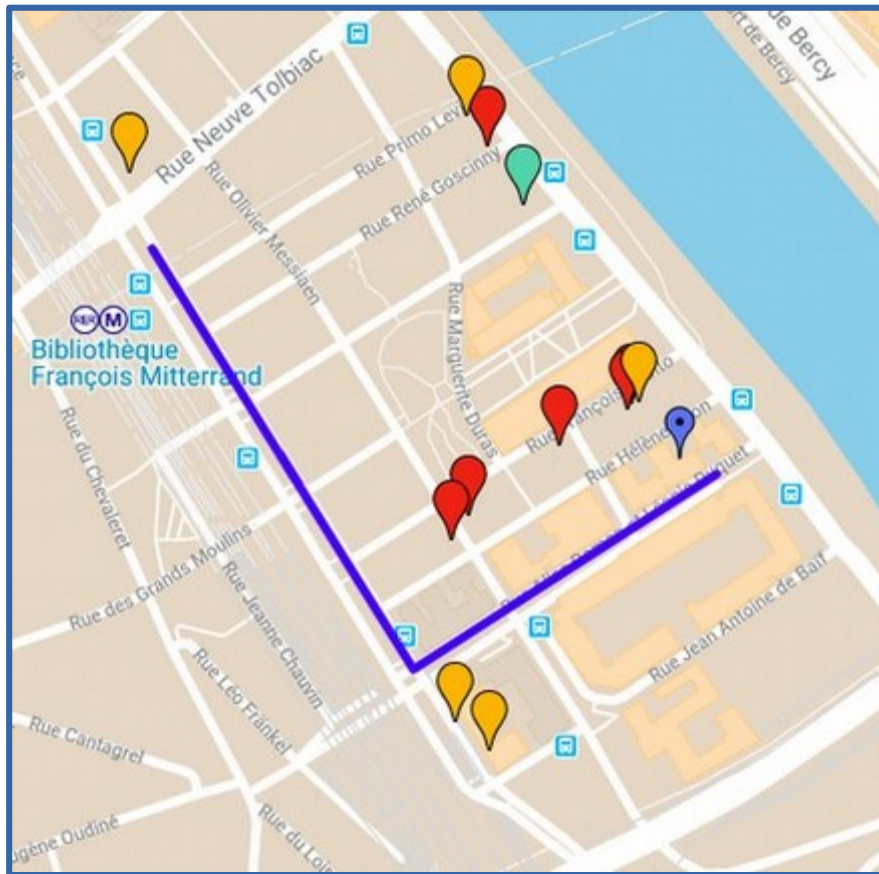

Logistics

- EduRoam should work
 - If not, I do have a few ; see me...
- We will be streaming the meeting via Zoom
 - <https://zoom.us/j/4309504395>
 - A couple of the talks will be remote
 - Thanks to Daniele Mennella
- Zoom means we need a dedicated computer for the talks.
 - Please send me (ganga@in2p3.fr) your presentations **well** before you speak
 - Or upload them to Indico yourself, if you've got an « indico » account
 - <https://indico.in2p3.fr/event/19414>

Logistics

- There will be coffee
- You're on your own for lunch...

- If anyone is interested in dinner, we can all go to **Polidor**, which usually has plenty of seating and is fairly central... (but do let me know!)

ESO Workshop/Conf. Conduct Code

Please follow these guidelines:

1. Behave professionally. Harassment and sexist, racist, or exclusionary comments or jokes are not appropriate. Harassment includes sustained disruption of talks or other events, inappropriate physical contact, sexual attention or innuendo, deliberate intimidation, stalking, and photography or recording of an individual without consent. It also includes offensive comments related to individual characteristics, for example: age, gender, sexual orientation, disability, physical appearance, race, nationality or religion.
2. All communication should be appropriate for a professional audience including people of many different backgrounds. Sexual or sexist language and imagery is not appropriate.
3. Be respectful and do not insult or put down other attendees or facilitators of the event. Critique ideas not people.
4. Should a participant witness events of bullying, harassment or aggression, we recommend that they approach the affected person to show support and check how they are. The witness may also wish to suggest that the person report the inappropriate behaviour. However, it is up to the affected person alone whether or not they wish to report it.
5. If participants wish to share photos of a speaker on social media, we strongly recommend that they first get the speaker's permission. Participants may also share the contents of talks/slides via social media unless speakers have asked that specific details/slides not be shared.

Transport Strike ?

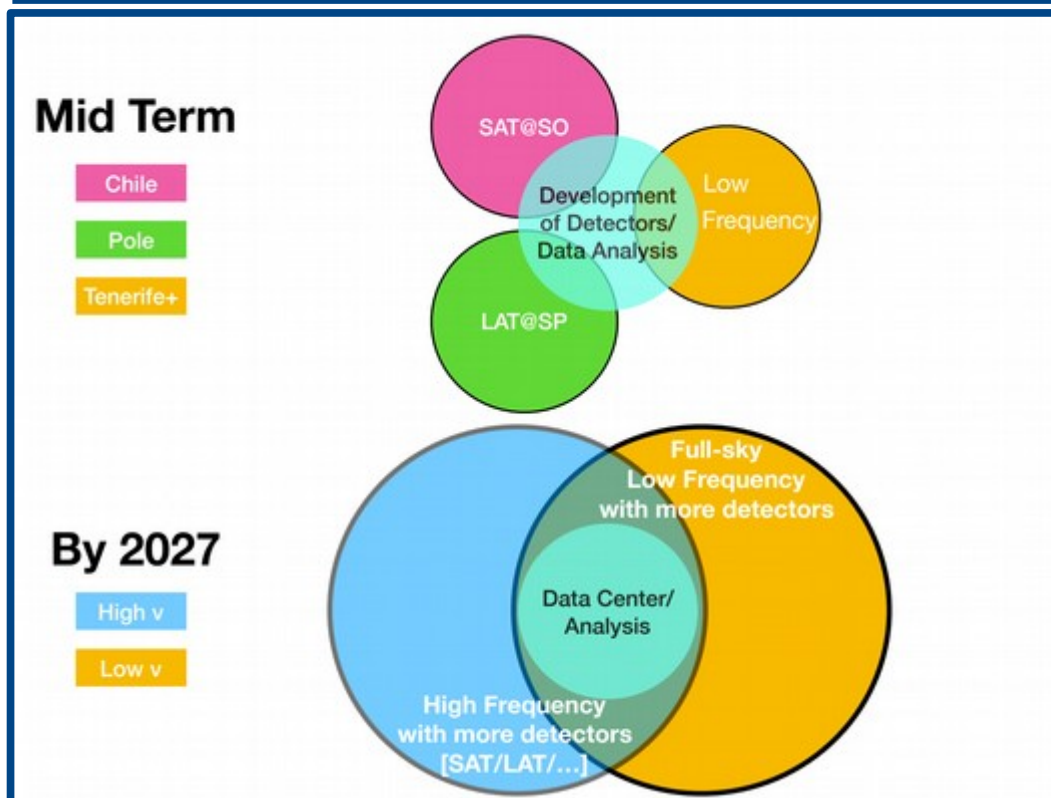

- No, we're not talking about British Airways...
- Watch this space... or rather, <http://ratp.fr> ...
- Sorry...

News

- LiteBIRD was selected
 - Radek Stompor will present this in a few minutes
- CMB Stage 4 has entered DOE CD-0
 - Julian Borrill will be presenting S4 this morning and there will be « precursor » talks.
- The ECMB Coordinators also submitted a Decadal Whitepaper which presented 3 « themes » :
 - SATs in Chile : Michael Brown will present this
 - A LAT at the Pole : John Carlstrom will present this (remotely)
 - A Low Frequency Survey : Mike Jones will present this

The ECMB White Paper

- This meeting is intended to support Europe-wide, suborbital CMB collaboration
- While we are interested in your results, the focus of your talks should be on the *future*
- How can Europe achieve the scale necessary to contribute to the next generation of CMB experiments ? What form would collaboration take ?
- What are some of the science goals we expect to address in 2030 ?

The CMBS4 « APC » White Paper

- « Partnerships are also expected to include foreign institutions participating in the CMB-S4 Science Collaboration and contributing to the CMB-S4 project »
- « The CMB-S4 project is expected to include significant contributions from collaborating institutions supported by funding agencies other than NSF and DOE. These « in-kind » contributions will be defined as deliverables to the project. Major contributions from partners will need to be negotiated and incorporated in the project design within the next two to three years to avoid adding schedule and cost risk »
