

PCCP Workshop Series : Bayesian Deep Learning for Cosmology and
Gravitational waves

ID de Contribution: 31

Type: Non spécifié

Neural networks estimation of the dense-matter equation of state from neutron-star observables

mercredi 4 mars 2020 16:30 (20 minutes)

Auteur principal: M. MORAWSKI, Filip (Nicolaus Copernicus Astronomical Center of the Polish Academy of Sciences)

Orateur: M. MORAWSKI, Filip (Nicolaus Copernicus Astronomical Center of the Polish Academy of Sciences)

Classification de Session: Contribution talks
