

# Cosmological Frontiers in Fundamental Physics Triangular Conference : APC - Perimeter - Solvay 2021

**mardi 25 mai 2021**

**First Session, Tuesday (15:00 - 17:00)**

-Présidents de session: Session Chair: Ben Craps

time	[id] title	presenter
15:00	[2] Hubble troubles	Prof. VERDE, Licia
15:40	[3] A classification of Scalar-Tensor theories: applications to cosmology and astrophysics	Prof. NOUI, Karim
16:20	[4] From scattering amplitudes to gravitational waves observables	Prof. ROIBAN , Radu
