

Proposal for ITk Week in Bonn, Germany

September 21 – 25 or Sep. 28 – Oct. 2, 2020

Proposal for ITk Week in Bonn, Germany

Physikalisches Institut of the University of Bonn

ATLAS groups: I.C. Brock, K. Desch, J. Dingfelder, N. Wermes, and I. Gregor (joint Bonn-DESY professor)

Long-standing contributions to ATLAS pixels and ITK pixels since 1994

New building:

Research & Technology Center for Detector Physics (FTD)

- Construction nearly completed
- Expect to build significant parts of the ITk pixel detector in the FTD

Location

Science Campus Bonn-Poppelsdorf

New lecture hall building:

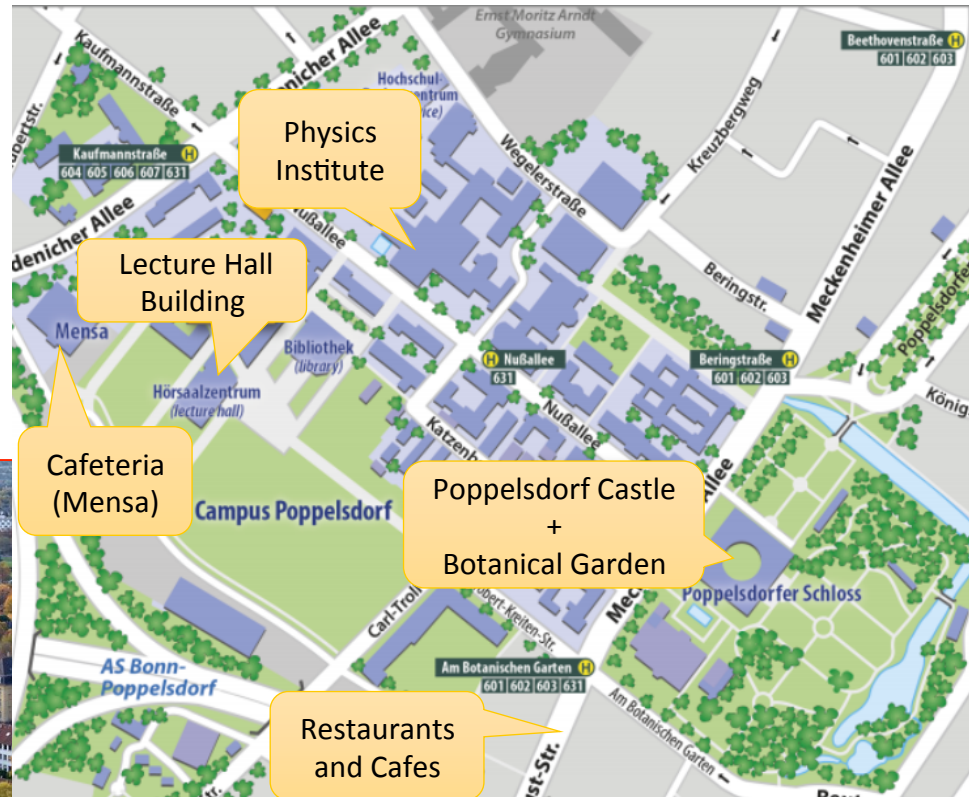

- Large auditorium (900 or 450+450)
- 3 smaller lecture halls (3 × 100)
- Breakout rooms

Science Campus Poppelsdorf

Bonn City Center (~15 min. walking distance)

UNIVERSITÄT **BONN**

Physics Institute

Poppelsdorf Castle + Botanical Garden

Travel, accomodation, breaks, cost, ...

- **Local organization:** Klaus Desch, Jochen Dingfelder, Ingrid Gregor, Norbert Wermes
- **Travel information:**
 - Cologne/Bonn (CGN) 30 km → Airport Express Bus (25min) to Bonn city center
 - Düsseldorf (DUS) 70 km → Train (1h) to Bonn city center
 - Frankfurt (FRA) 150 km → ICE train (35min) + local train (25min) to Bonn city center
- **Accommodation:**
 - Block reservation at ~ 12 different hotels (~ 80-120 €/night)
- **Lunch breaks:**
 - University cafeteria (Mensa) ~ 50m
 - Several restaurants/cafes ~ 300 - 500m
- **Workshop Dinner: Godesburg**
- **Workshop fee: 220€**
 - includes coffee breaks, workshop dinner, welcome reception
